Hi Rupert,  
I just wanted to check in with you to see if anyone else has provided any comments on the Sampling Plan for Round 2. From what I understood it was going to be passed up the chain for review. Also, has there been any word on whether we will be sending samples in for radiation analyses.

Rich,  
As promised here is a draft copy of the Sampling Plan for the Round 2 sampling to be conducted at the Dimock Site. Please review and let me know if any changes are required.  
Please note that Table 1 and 2 of the Plan have information which shows which labs will be performing each analysis. This is a carry-over from the initial sampling and once the labs have been officially assigned will be updated to reflect this. Also, I left the radiation analysis in the Plan. Upon further review if it is determined that radiation analysis will not be performed, I will remove it from the Plan.  
Thanks and have a great weekend.
